

Brandon Spencer

Vice President

Oil, Gas & Chemicals – North America

Brandon Spencer is currently serving as the Vice President of the Oil, Gas & Chemical business for North America. In this role he manages the full profit & loss as well as support functions such as finance, HR, sales, marketing, etc. This group within ABB is responsible for the delivery of process automation systems, telecommunication systems, electrical distribution systems, and life cycle services.

Brandon joined ABB in 2006. He served his first three years at ABB as the National Account Manager responsible for ExxonMobil, Dow Chemical, and ConocoPhillips. In this role he supported the power side of ABB's businesses.

In 2009, Brandon was promoted to Global Account Manager responsible for ConocoPhillips. In 2011, he was promoted to Global Account Manager responsible for ExxonMobil. In both roles, he worked with a global team of sales, operations, and service to support existing customer facilities as well as to pursue all major upcoming projects. Brandon and his team were responsible for representing all 5 of ABB's divisions worldwide. In mid-2013 he transitioned into the role as the Vice President of Petrochemical, Oil & Gas for the USA and effective Jan 2016 moved into the role for North America.

Prior to joining ABB, Brandon served in various roles within Siemens Power Generation. These roles included positions in operations, service, and sales & marketing.

Following his receipt of a bachelors degree in Economics, Brandon went on to earn a Masters degree in Business Administration from the Crummer School of Business at Rollins College in Winter Park, FL. Married with one son (8) and one daughter (6), Brandon lives in Katy, TX.
