

## Course description

# G3602e

# Assembling ACS880-104 R6i/R7i modules to cabinet Internet course

## Course type

Internet course

## Course Duration

The course duration is approximately 15 minutes.

## Course Goal

The goal of this course is to familiarize students how to assemble ACS880-104 R6i/R7i inverter modules into a cabinet. Also general engineering tips and tricks are given.

## Student Profile

This course is intended for electricians, technicians, and engineers, who install or design installations of ACS880 drives.

## Prerequisites

- Basic knowledge of mechanics
- An Internet connection. The recommended browser is Microsoft Internet Explorer.

## Course Objectives

Upon completion of this course, students will be able to:

- Understand the basic idea how ACS880-104 R6i/R7i inverter modules can be assembled into a cabinet
- Have an overview of the kits and accessories used for the cabinet assembly
- Have an idea of the challenges of the cabinet assembly and examples how to overcome them

## Main Topics

- Stage by stage presentation, how to assemble the ACS880-104 R6i/R7i modules into a cabinet
- General engineering tips and tricks regarding cabinet assembly

## Low voltage drives training
