A diverse portfolio
Designs for every lifestyle

At ABB we attach great importance to the details, whether it’s a switch’s acoustics, its feel, surface, color or material. And it’s the range of these details that means we can now offer you an extensive portfolio of switches to suit both you and your living situation.
LIGHT SWITCHES A NEW WAY TO EXPERIENCE DESIGN AND FUNCTION
For modern-day minimalists

Impressivo, with its simple, timeless design is ideal for those who want a life less complicated. It’s modernity and simplicity in one and lends itself perfectly to lovers of stylish, no-frill surroundings.
Impressivo
Keeping things simple

A contemporary switch such as Impressivo gives a simple choice to those who prefer clarity over complexity. Today’s fans of straightforward functionality and understated design will be in their element.

LIGHT SWITCHES A NEW WAY TO EXPERIENCE DESIGN AND FUNCTION
Clearly defined understatement

carat® makes a clear commitment to top-class design. Crystal-clear shapes and contrasting colors support a discreetly uncluttered interior design.

Illustration in original size
The cover frame measures 107 mm x 107 mm x 11 mm (w x h x d). Material: the rocker is made of thermoplastic (PC), impact and break-proof, UV-resistant, PVC and halogen-free; the frame is made of genuine material.
carat®
From clear to extravagant

carat® unites straight lines and authentic materials in an independent object. The independence which can be admired in this switch range meets the requirements of sophisticated architecture.

LIGHT SWITCHES A NEW WAY TO EXPERIENCE DESIGN AND FUNCTION
A class of its own

Your own living space deserves the very best; Busch-dynasty® offers just that. Handcrafted and developed together with international design experts, this switch offers an almost lavishly luxurious aesthetic.
Busch-dynasty®
Each switch is one-of-a-kind

The brass used for this switch range is hand polished or brushed for an antique look and feel. The same care and attention is given to the rocker made of high-quality plastic – it’s also hand-painted or brushed. Busch-dynasty® gives you a genuinely unique specimen with its own personal touch.

Outstandingly consistent

Unwaveringly stylish and consistent in form, material and design: pure stainless steel offers 100% quality and durability.
pure stainless steel
One hundred percent

pure stainless steel uses 100% stainless steel for cover frames and switches. At the same time, an invisible anti-fingerprint coating ensures that you leave an impression but without the imprint.

Inspiring individuality

The wide variety of materials available in the Zenit range allows for a wealth of individuality in the home. Such is their beauty, some houses might actually be designed around them.
Zenit
Materials that fuel imagination

Glass, steel or even slate – the kinds of materials used in Zenit switches will open up any mind and offer a whole new world of architectural possibilities.

Individual and balanced

With its dynamic form and color scheme, the solo® switch range adds a subtle, harmonious highlight and is a real eye-catcher in any room.
solo®
Straight lines with a gentle swing

Linear yet with a sense of swing: solo® focuses on contrasts in form and color. This switch range creates something truly special: a harmonious, relaxed appearance.

**Busch-axcent®**
Subdued and elegant

Busch-axcent® combines puristic optics and qualitative high-value thermoplastic with modern subdued colors which give their style an unobtrusive elegant appearance.
Mounting sets for Busch-axcent® flat allow flush-mounted installation of the Busch-axcent® range.
Busch-axcent® pur
Genuine high-quality materials for individualists

At a time, in which individualism becomes ever more important, the desire for a home that gives expression to personality is on the increase. The modified Busch-axcent® pur range does justice to this desire: with new materials of even higher quality and individuality as well as colors in combination with the usual puristic optics of Busch-axcent®.

LIGHT SWITCHES A NEW WAY TO EXPERIENCE DESIGN AND FUNCTION
Touch your imagination

With styles such as antique gold, stainless steel and glass, the Sky Niessen range of switches ensures that any bold plans for the home won’t be let down when it comes to lighting.
Sky Niessen
New colors inspired by nature

Sky Niessen is always evolving. For this reason, our new finishes take their colors and shapes from nature. Duna, Taupé and Comodoro come to join a complete range of solutions that now shines with an even more natural light.

Exquisitely understated

A modest combination of colors and white. A modern square design. A compelling offer of light switches and socket outlets for your daring reconstruction plans. Easy fitting thanks to their flat installation depth. Find fun in the functional.
Swing®L
Balanced beauty

The Swing®L range of switches beautifully complements your home with a stylish, minimalist look that will stand the test of time.
LIGHT SWITCHES A NEW WAY TO EXPERIENCE DESIGN AND FUNCTION
Numerous choices

Ignore the status quo and find the things in life that subtly say you do things your way. Such as these basic55® switches with their discreet, yet highly-individual color rings.

Welcome to the basic55® range of switches with its subtle color rings and choice of matching frames. It definitely wins the prize for taking long-standing traditions and gently tweaking them to come up with something completely different.
Multifunctionality
Technology that leaves nothing left to be desired

From light switches, through blind control to smart phone charging stations: Within our design ranges we offer you a comprehensive range of functions to meet all your requirements and ensure a uniformed appearance.
Our switch range not only meets every optical requirement, it meets all functional requirements too. All cover frames are also available in 1 to 5 gang versions and can be mounted both vertically and horizontally.
