The hotfix 20250128 for PCM600 version 2.13 is available via the PCM600 Update Manager and PCM600 Product Page. It contains the following file:

- PCM600 2.13 Hotfix 20250128.exe

We recommend the installation of this hotfix **20250128** when using PCM600 version 2.13.

For more information, please contact your local ABB representative.

ABB constantly examines both operational and new software to identify possible faults or product improvements, issuing hotfixes where appropriate. We apologize for any inconvenience the identified faults have caused.

Known limitations

- Avoid using F3 key when working with data grid in PCM600 version 2.13 and hotfixes.
