Course description

G060e
Drives portfolio - Low voltage AC drives
Internet course

Course type
Internet course

Course Duration
The course duration is approximately 30 minutes.

Course Goal
The goal of this course is to get overview of ABB portfolio of low voltage AC drives.

Student Profile
This course is intended for all personnel at ABB and at channel partners dealing with low voltage drives or interested in them, on beginner level.

Prerequisites
- An Internet connection. The recommended browser is Microsoft Internet Explorer.

Course Objectives
After this course you will be able to:
- Understand the range of ABB low voltage drives and their target markets
- Define the basic benefits of ABB low voltage drives for customers and users
- Recognize the ABB way of service of drives

Main Topics
- Portfolio overview
- Micro drives
- General purpose drives
- Machinery drives
- Industrial drives
- Drives for heating, ventilation and air conditioning (HVAC)
- Drives for water
- Connectivity
- Service
