

ELDS PRODUCTS LIFE CYCLE SERVICES, USGC000102

Last buy notice

Dear ABB Customer,

ABB Inc, Distribution Solutions in Pinetops, NC hereby announces that the following products will move from Classic to Limited phase according to the Product Life Cycle Policy on July 1st, 2024.

Please see the product information below. Kindly obtain the details of replacement solution from your ABB representative.

| Product type | Product type designator | Replaced by |
|----------------|--|---|
| FT-1 Test plug | Standard separate source test plug (10 position) Style # 1164046  | Direct replacement: Ergonomic separate source test plug (10 position) Style # 1509B01G01  |

Limited phase means that the product is withdrawn from sales and is no longer promoted by the sales force. Availability of products is not ensured, and the price of the Limited products may increase, e.g. due to decreasing production volumes, or limited component availability.

The following services are still available: post-manufacturing with limited availability, spare parts, repair, and modification services. Changes in availability of components or technologies may limit these services.

We thank you for your understanding and co-operation. We hope that this information helps you to initiate evolution planning of the installed systems/products. Please feel free to contact us in case you need more information about this phase-out notice.

Yours sincerely,

Joe Xavier
Product Manager
ANSI Digital Substation Products & Systems
