This file has been divided into the following sections for easy reference:

1. GETTING HELP
2. INSTALLATION

1. GETTING HELP

If you want help with DriveSPC it is available from the following sources:

- Please use first the context-sensitive on-line help by pressing the F1 key (or read the User Manual).
- Secondly please contact the local PC support persons.
- Also the 24hour SupportLine is able to help in many cases.
Contact them by e-mail address: SupportLine-Helsinki@fi.abb.com or by phone +358 50 33 27200.
Please provide them with information like operating system version, error message code etc.

A local ABB Sales office is also able to fetch information from ABB Library (<http://inside.abb.com/Library>).

2. INSTALLATION

DO NOT uninstall DriveSPC Pro version 1.4 before the installation of this Service Pack!
Close all other programs including MS Office banner.
Use always the ControlPanel Add/Remove Programs-Icon to install and uninstall the DriveSPC.
Start the Installation program Setup.exe of DriveSPC Pro 1.4 SP from CD-ROM and follow the instructions.

After installation, restart PC.

If you want, you can uninstall DriveSPC Pro 1.4 AFTER the installation of this Service Pack.
