Sheet 2 Fig 1-3 for pressure relief valve
Sheet 2 Fig 4 for temp sensor TEC + pressure relay

1) These are interchangeable

Valve R1* for oil filling and draining
Valve R1* for oil filling from transformer

Connection to oil conservator 1)
Pressure relay 1)

Air release valve 1)

Earthing terminal M12. To be grounded by user.

O-ring 44,2x5,7
