

Course description

G3624e

Assembling ACS880 modules to an installation frame Internet course

Course type

Internet course

Course Duration

The course duration is approximately 15 minutes.

Course Goal

The goal of this course is to give stage by stage instructions on how to assemble ACS880 modules into an installation frame and to give an overview of how to build a setup using installation frames.

Student Profile

This course is intended for electricians, technicians, and engineers, who install or design installations of ACS880 drives.

Prerequisites

- An Internet connection. The recommended browser is Microsoft Internet Explorer version 7 or later.

Course Objectives

Upon completion of this course, students will be able to:

- Understand the basic idea of how to assemble ACS880 modules into an installation frame
- Have an overview how to build a setup using installation frames

Main Topics

- Stage by stage presentation ACS880 modules into an installation frame
