

Letter of Conformance **cpmPlus Energy Manager** **ABB Group**

UL DQS Inc. issues this Letter of Conformance (LOC) to the above named, after assessing the software system and logic and finding it in conformance with UL DQS's Assessment Requirements. This assessment determined the extent to which the cpmPlus Energy Manager v4.3 software scope and functionality supports elements 4.4 and 4.6 of the ISO 50001:2011 standard.

The performance of the cpmPlus Energy Manager as an energy management software package allows users to:

- Monitor, report and target energy usage and efficiency (dashboard)
- Plan and forecast plant energy consumption
- Optimize and schedule energy consumption, use and procurement, including:

The above software has demonstrated through assessment, the necessary organization, impartiality, calibration and/or logic comply with the requirements of UL DQS's Software Assessment in accordance with the UL DQS report dated February 13, 2013. This LOC and supporting report is not transferable and remains the property of UL DQS Inc. This UL DQS Software Assessment service does not represent software certification.

Client Number: 10011951
Report Issue Date: February 13, 2013
Software Version: 4.3
Valid Until: February 12, 2014

A handwritten signature in black ink, appearing to read 'Michael J. Caruso'.
