

ACS800 multidrives, air-cooled

1.1...5600 kW

Full range of life cycle services and support

Limited range of life cycle services and support

Replacement and end-of-life services

Products types concerned

Product types

ACS800-X04 modules, air-cooled

ACS800-X07 multidrives, air-cooled

Current life cycle status

The ACS800 multidrives, air-cooled are in the Classic phase since 1.7.2017, according to the ABB life cycle model outlined above.

Life cycle plan

It is planned to keep the above listed product types in Classic phase until the end of 2029.

The ABB life cycle management model is designed to manage an orderly transition to new replacement products or to choose from various lifetime extending services. At the same time the model ensures access to continuing support for our customers.

Recommended actions

No actions are required. Full range of life cycle services and support are available during the Classic phase.
