Smarter design , smarter life

ABB-Welcome Video Indoor Station 7"

Easy to use and beautiful to look at
Elegant outlook with only 7.8mm after flush mounted installation. Intuitive design gives you friendly user experience

Easy to communicate
It is easy for both users and visitors to leave or record messages

Welcome home with security and comfort
You can use a surveillance button to connect with outdoor stations or external cameras at any time. You can see the images from the default outdoor station or external cameras. Also you can activate the camera when pressing the door bell button. All these functions now combine into one system

Installation without limitation
One panel can support surface-mounted flush-mounted and desktop installation

2-wire standard installation
Forget installation complexity and keep the simplicity of 2 wire non-polarized installation

One power supply can maximum support 20 panels at the same time
