A diverse portfolio
Designs for every lifestyle

At ABB we attach great importance to the details, whether it’s a switch’s acoustics, its feel, surface, color or material. And it’s the range of these details that means we can now offer you an extensive portfolio of switches to suit both you and your living situation.
LIGHT SWITCHES A NEW WAY TO EXPERIENCE DESIGN AND FUNCTION
An element of sophistication

Forged from one of nature's most timeless materials, the Millenium range of metal switches ensures your interior makes exactly the statement you intended.
Millenium
Strikingly impressive

A Millenium switch is engineered to impress. It perfectly complements cool environments with its striking, ultra-slim design and distinctive, classy metal finish while its wide range of functionality will meet even the highest of customer demands.
The two new colors Mocha brown and Dune sand are inspired by natural elements to bring a warm feeling to the interior design of contemporary spaces.
LIGHT SWITCHES A NEW WAY TO EXPERIENCE DESIGN AND FUNCTION
Simplicity for timeless design

Inora’s simple and elegant design perfectly complements any interiors of homes and commercial buildings. With its functional simplicity it creates a timeless aesthetic.
Whether it’s in a kitchen, a living room or a child’s room, with a total above-wall switch height of 8.5 mm, Inora is your first choice, simple and elegant.

Naturally aesthetic

Nature rarely presents us with straight lines and the Concept bs range of switches reflects this. Rather than rigidly sticking to squares, it steps outside the box to add some subtle curves to your interior design.

**Concept bs**

* A natural flow

With their distinctive curves, Concept bs switches add an extra subtlety to your room design. Shaped around straight lines, yet not restricted to them, the range comes in a wide choice of colours, is packed with functionality and helps your ideas flow in line with their individual design.
Contemporary touches

Numerous small highlights create a tasteful overall image. Our Busch-axcent® switch range stands for this interior design credo, which combines consistent linear design with a variety of colors.
Busch-axcent® combines puristic optics and qualitative high-value thermoplastic with modern subdued colors which give their style an unobtrusive elegant appearance.
Mounting sets for Busch-axcent® flat allow flush-mounted installation of the Busch-axcent® range.
Busch-axcent® pur
Genuine high-quality materials for individualists

At a time, in which individualism becomes ever more important, the desire for a home that gives expression to personality is on the increase. The modified Busch-axcent® pur range does justice to this desire: with new materials of even higher quality and individuality as well as colors in combination with the usual puristic optics of Busch-axcent®.

Your own living space deserves the very best; Busch-dynasty® offers just that. Handcrafted and developed together with international design experts, this switch offers an almost lavishly luxurious aesthetic.
Busch-dynasty®
Each switch is one-of-a-kind

The brass used for this switch range is hand polished or brushed for an antique look and feel. The same care and attention is given to the rocker made of high-quality plastic – it’s also hand-painted or brushed. Busch-dynasty® gives you a genuinely unique specimen with its own personal touch.

Outstandingly consistent

Unwaveringly stylish and consistent in form, material and design: pure stainless steel offers 100% quality and durability.
pure stainless steel
One hundred percent

pure stainless steel uses 100% stainless steel for cover frames and switches. At the same time, an invisible anti-fingerprint coating ensures that you leave an impression but without the imprint.

LIGHT SWITCHES A NEW WAY TO EXPERIENCE DESIGN AND FUNCTION
Individual and balanced

With its dynamic form and color scheme, the solo® switch range adds a subtle, harmonious highlight and is a real eye-catcher in any room.
LIGHT SWITCHES: A NEW WAY TO EXPERIENCE DESIGN AND FUNCTION
solo°
Straight lines with a gentle swing

Linear yet with a sense of swing: solo° focuses on contrasts in form and color. This switch range creates something truly special: a harmonious, relaxed appearance.
Multifunctionality
Technology that leaves nothing more to be desired

From light switches, through blind control to smart phone charging stations: Within our design ranges we offer you a comprehensive range of functions to meet all your requirements and ensure a uniformed appearance.
**Multifunctionality**

Our switch range not only meets every optical requirement, it meets all functional requirements too. All cover frames are also available in 1 to 5 gang versions and can be mounted both vertically and horizontally.
Modern and contemporary finishes, made in real stainless steel material AISI 304 and to complete the six elegant finishes of Millenium: Stainless Steel, Silk Black, Antique Gold, Matt Gold, the new Mocha brown and Dune sand. Millenium is available also in pure glass material in white and black colors. Slim line design, only 4 mm height with straight and square lines at the forefront. Rocker with attractive chrome profile that gives a distinctive glance.

ABB warranty policy for Millenium collection: 10 years for mechanical switches and socket outlets, 1 year for electronic devices.
