What we do in Mt. Juliet

We provide full warehousing, logistics and distribution of electrical, power distribution equipment. Being located just east Nashville, TN we can service over 80% of our customer base within a two-day transit window – fast, reliable and efficient with exceptional quality and service.

Who we serve

With 380,000 sq. ft. of warehouse space, the Mt. Juliet Distribution Center provides product produced by ABB's low voltage manufacturing sites globally and distributes to US and global partners including retail, distributors, OEM or to customers to provide electric power in a safe, reliable manner.

ABB in the U.S.

ABB is a global technology leader in electrification and automation, enabling a more sustainable and resource-efficient future. The United States is ABB's largest market, and we have significantly expanded our operations across the country through strategic acquisitions and investments.
