

LIFECYCLE MANAGEMENT INFORMATION

Electrification – Smart Buildings business line GPG: Energy Distribution – NEMA Flow Goods 4th Life Cycle Announcement: Start of Limited phase OVRHS3U

Lifecycle status change

Life cycle phase status for OVRHS3U will be changed from **Classic** to **Limited** Phase **starting from March 3, 2023**.

When entering the Limited phase, manufacturing of the products will simultaneously end. During the Limited phase product is available only from factory stock. The Limited phase will last 3 months and afterwards the product will enter in the Obsolete phase.

In Limited phase it is recommended to sell/buy the products only in small quantities or as spare parts. However, availability of the product cannot be guaranteed from this point on.

After Limited phase, replacement of devices and expansion of existing system will be possible only with new product ranges.

LCM Information

Item	Start date
Start of Limited phase	2023/03/03 (YYYY/MM/DD)
Start of Obsolete phase	2023/06/02 (YYYY/MM/DD)

Life Cycle status in ABB Products and ERP System will be updated accordingly.
