

Course description

G3910e

ACS/H/Q580-07; cabinet built 580 drives Internet course

Course type

Internet course

Course Duration

The course duration is approximately 20 minutes.

Course Goal

The goal of this course is to introduce students to cabinet built 580-07 Drives.

Student Profile

This course is intended for sales managers, sales engineers, product managers, anyone selecting or dimensioning a Cabinet built 580-07 drive, or for anyone wanting to know what options and ratings are available for 580-07 drives.

Prerequisites

- n Basic knowledge of 580 products
- n An Internet connection. The recommended browser is Microsoft Internet Explorer.

Notes

If you have no experience of working with drives, it is highly recommended to take a hands-on course in addition to this course, to be able to utilize the drive to its full potential.

Course Objectives

After this course you will be able to:

- n Describe the product positioning
- n Recall the product range, options and frame sizes.
- n Describe enclosure classes.
- n Describe the cooling arrangement and its benefits

Main Topics

- n Product positioning
- n Overview of ACS/H/Q580-07 drives
- n Cooling arrangement
- n Order-delivery process

Low voltage drives training
