# UAE utility authority chooses ABB's Ekip UP to upgrade competitor's circuit breakers

## APPLICATION

Utilities

## COUNTRY / CUSTOMER / SITE

UAE / Sharjah Electricity & Water Authority

## CUSTOMER NEEDS

SEWA was unable to replace defective trip units at a key substation, supplied by a competitor, because they had become obsolete. Instead of replacing the full set of breakers, SEWA wanted a smarter solution with less downtime

## SOLUTION

- ABB provided targeted upgrades, with a retrofit solution for competitor devices
- Ekip UP Protect+ devices
- Future-proof solution, connecting all devices into EDCS
