

Hitachi Energy Axis Electronic Catalog

Increase savings on contract compliance and reduce costs through guided procurement

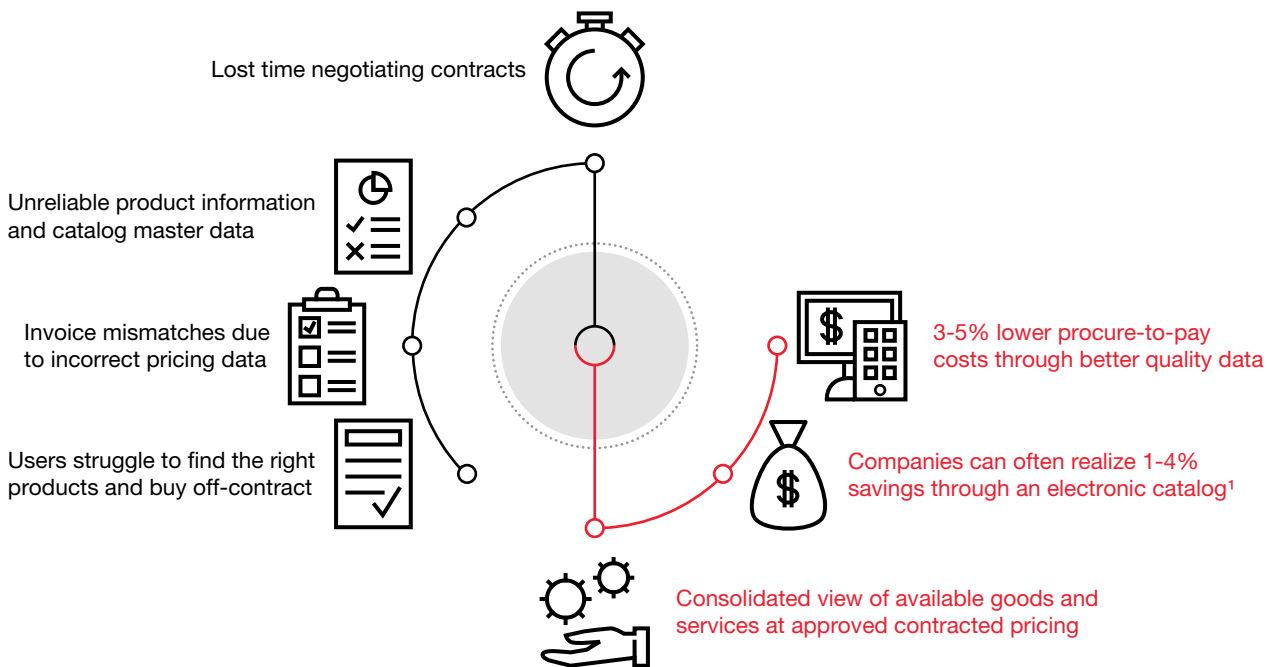

Hitachi Energy Axis Electronic Catalog provides a single, consolidated view of goods and services available for purchase from suppliers through a user-friendly online shopping experience.

Contract compliance challenges

Typical procurement challenges

The procurement opportunity

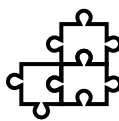

¹ Potential savings on total addressable spend by better contract compliance

How we address contract compliance challenges

Self-service portal allows buyers and suppliers to streamline content management by collaborating on quality, price, and product dashboards

Seamlessly integrate with any EAM/ERP that supports OCI punch-out, fitting neatly into the existing IT landscape

Comprehensive catalog configuration allows buyers to meet the exact needs of the business with smart forms, kitting and bundling and quantity-tiered pricing

The right solution, right now

Cloud-based solution, fully supported and hosted by Hitachi Energy

COST EFFECTIVE

SaaS offering – no on-premises hardware or software required

CAPEX FRIENDLY

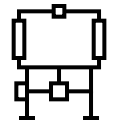

No charge to trading partners to connect to the Axis network – removes a common barrier to entry

PROFITABLE

Predictable fixed fees with subscription based pricing

FIXED EXPENSES

Native integration with Hitachi Energy ERP agnostic, can integrate to any ERP/EAM (Oracle®, etc.)
