**Modular tooling with suction cups**

**MAIN APPLICATIONS**
- Material handling
- Packaging
- Palletizing

**IRB Gripper - Small**
- Weight of the parts carried: 1 à 10 Kg
- Weight of the tooling: 3 à 7 Kg
- Number of suction cups: 3 à 6

**IRB Gripper - Medium/Large**
- Weight of the parts carried: 5 à 25 Kg
- Weight of the tooling: 6 à 15 Kg
- Number of suction cups: 4 à 8

**IRB Gripper - Large/XLarge**
- Weight of the parts carried: 20 à 40 Kg
- Weight of the tooling: 20 à 40 Kg
- Number of suction cups: 6 à 12
Modular tooling with suction cups

Parts

1 - Central tube 50x50
1' - Cross tube 30x30
2 - Suction cup attachment
3 - Directional plate
4 - Directional anchorage of 30
5 - Directional anchorage of 50
5' - Double directional anchorage of 30
6 - Fix angular
7 - Half attaches of 50
8 - Attachment
9 - Center indexing
10 - Pivot
11 - Guide
12 - Pneumatic square
13 - Suction cups
