# MyGMD Widget

Now available at [myportal.abb.com](https://myportal.abb.com)

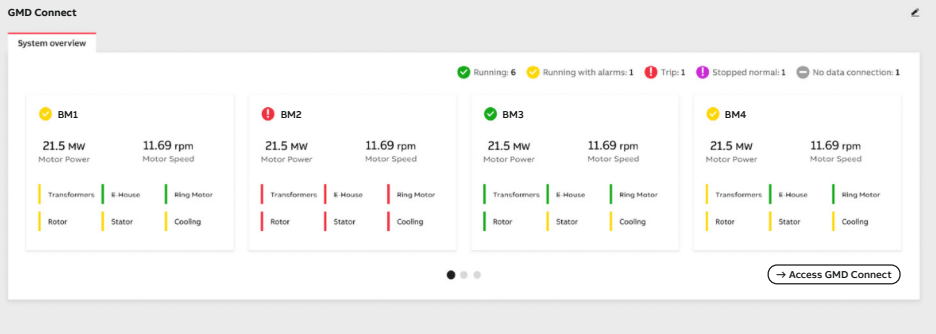

ABB introduces MyGMD widget. Integrated within MyABB customer portal, it provides a live overview of the current GMD system status and direct access to the GMD Connect condition monitoring platform.

The GMD Connect condition monitoring platform provides easy access to GMD system parameters and visualizations, offering insights into past performance, real-time data for the present, and assessments for the future.

In addition to MyGMD widget, MyABB portal provides GMD users with access to all GMD service reports, support cases and recommended spare parts and services.

- 1

**Easy sign-in process**  
Sign in to MyABB Portal to access the benefits of MyGMD Widget [myportal.abb.com](https://myportal.abb.com)
- 2
