

ABB UNIVERSITY

Training Passport program

Unlimited in-center and on-line training;
one low price

Issues customers typically face:

- Limited training budget
- High cost of training for new employees
- Unclear training needs for individuals
- End-of-year training budget underutilized

Solution: Twelve months of unlimited in-center and on-line* training courses for one low price

\$11,300

per employee per 12-month period
12 month period starts on the first day of the first class or 60 days from purchase, whichever comes first.

Watch the savings add up

Weeks of Training	List Price (USD)	Training Passport (USD)	Savings
1	\$4,160	\$10,800	
2	\$8,320	\$10,800	
3	\$12,480	\$10,800	9%
4	\$16,640	\$10,800	32%
5	\$20,800	\$10,800	46%

*Training Passport students are limited to one (1) active on-line course enrollment at a time to guarantee virtual machine access and timely course completion. On-line course durations are eligible for a one (1) week extension, free of charge. Additional weeks can be purchased for \$500. Courses must be started within 90 days of enrollment.

The Start Date of the Training Passport program shall begin on the date of the first class Enrollment Date or 60 days after receipt of the purchase order; whichever one comes first. The passport subscription expires 12 months after the program Start Date.

Pricing released December 2023.

Substantial savings for multiple courses

Situations arise when multiple courses are needed to provide adequate training. In these situations, Training Passport provides the best value. Courses are available for:

- Distributed Control Systems
- Quality Control Systems for paper applications
- MultiDrives
- Process analyzers
- Instrumentation and control theory

Recommendations from ABB University

ABB University provides recommendations, and identifies curriculum to satisfy training requirements for these situations:

- Newly hired employees
- New systems or system upgrades
- Employees with new/additional job functions
- Effectively utilizing remaining end-of-year training budget

Courses are enrollment dependent and therefore subject to rescheduling. Should this occur, ABB University US will cancel the class at least 10 business days prior to the start date and will prioritize your enrollment in another class.

Since circumstances may require ABB University US to reschedule classes; please consider this when arranging travel. ABB is not responsible for non-refundable or penalty airline tickets.

Contract discounts and other ABB customer agreement discounts cannot be applied to this program. The Training Passport is not available for courses related to Robotics, TotalFlow, SCADA, Standard Drives, Ventyx, Turbines or classes delivered outside of the USA.
