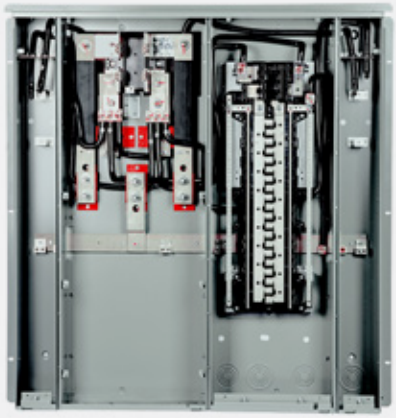
RESIDENTIAL SOLUTIONS

ReliaHome™ Dual Main Meter Combos



ReliaHome Meter Combos deliver a smart, space-saving solution for single-family metering and power distribution. Combining the meter socket and load center in one outdoor enclosure, they simplify installation, cut costs and help ensure full NEC 2020 compliance with isolated main service entrance disconnects.

PADMS4040RMUFR2

Built with durable, high-quality materials, these units feature an optimized plug-on neutral design for fast, easy setup. Solar-ready options support photovoltaic (PV) systems and meet NEC standards for line side solar input and solar disconnect.

Features

- Plug-on neutral options available
- Galvanized enclosures
- Semi-flush and surface-mounted fronts
- Service barriers included for factory-installed main circuit breaker and main circuit breaker kits (required to meet UL 67 for service entrance applications)
- NEMA 3R outdoor rated
- Ring and ringless versions available
- Factory- and field-installed main circuit breakers
- Solar-ready as standard
- Lever and manual bypass options
- Meets EUSERC specifications

Technical specifications

- UL listed (panelboards UL 67)
- Single-phase, three-wire, 120/240 VAC
- 22 kAIC rated
- Up to 400A
- Up to 40 1" spaces/80 circuits
