Course description

G3611e
ACS880-904 2xR8i regenerative rectifier module cabinet installation Internet course

Course type
Internet course

Course Duration
The course duration is approximately 20 minutes.

Course Goal
The goal of this course is to familiarize students how to assemble an ACS880-904 2xR8i regenerative rectifier modules and an L filter module into a cabinet. Also general engineering tips and tricks are given.

Student Profile
This course is intended for electricians, technicians, and engineers, who install or design installations of ACS880-904 2xR8i RRU modules and L filter modules into cabinets.

Prerequisites
- Basic knowledge of mechanics
- An Internet connection. The recommended browser is Microsoft Internet Explorer version 7 or later.

Course Objectives
Upon completion of this course, students will be able to:
- Understand the basic idea how an ACS880-904 R8i RRU module and an L filter module can be assembled into a cabinet
- Have an overview of the kits and accessories used for the cabinet assembly
- Have an idea of the challenges of the cabinet assembly and examples how to overcome them

Main Topics
- Stage by stage presentation how to assemble ACS880-204 2xR8i RRU module and an L filter module into a cabinet
- General engineering tips and tricks regarding cabinet assembly
