

PRODUCT HIGHLIGHTS

Preventative maintenance walk-through

For the food and beverage industry

ABB Installation Products, formerly Thomas & Betts, provides electrical system solutions to solve issues to improve efficiency, reliability, safety and hygiene to support food and beverage facility personnel in improving KPIs and sustainability targets while reducing their overall cost.

Key differentiating features

Preventative maintenance walk-through benefits:

- 100% confidential
- No cost to you to conduct a preventative maintenance walk-through
- Walk-throughs are performed by ABB sales application engineers who are trained technical experts
- Receive a customized report complete with findings and recommended solutions based on the needs of the facility

Preventative maintenance walk-throughs identify potentially problematic issues with:

- Liquid and/or dust ingress
- Potential contamination
- Food safety
- Personnel safety
- Poor installation
- Corrosion
- Galvanic corrosion
- Condensation
- Extreme temperature transitions
- Hazardous locations
