ATTESTATION OF CONFORMITY

ATTESTATO DI CONFORMITA’

Attestation number
Attestato numero: 3502387.09

Issued to
Rilasciato a: Power-One Italy S.p.a.
Via S. Giorgio 642
I-52028 Terranuova Bracciolini (AR)
Italy

Manufacturer
Costruttore: Power-One Italy S.p.a.
Via S. Giorgio 642
I-52028 Terranuova Bracciolini (AR)
Italy

Product Type
Tipo prodotto: Photovoltaic grid tied inverter

Model reference
Riferimento Modello: MICRO-0.3-I-OUTD-230; MICRO-0.25-I-OUTD-230; MICRO-0.25-I-OUTD-230-ACPV

Firmware release
Revisione firmware: DSP: B1.58 Checksum 0X468E

Testing Laboratory
Laboratorio prove: DEKRA Qualified Laboratory N.10

Test report No.
Rapporto Nr.: IEC6172701 17485-120202; Extension report EXT02 17485-120323; Declaration N. D01 17485-130292 and D03 17485-140029

Requirements
Requisiti: IEC 61727:2004-12

Remarks
This Attestation of Conformity replaces the DEKRA AoC having same number and dated 05 September, 2013.

Questo Attestato di Conformità sostituisce l’attestato DEKRA avente stesso numero e datato 05 Settembre, 2013

This Attestation covers the following alternative in construction:
Questo Attestato copre le seguenti alternative nella costruzione:

- Optional use of Extended assembly wiring, by Amphenol LTW, model SPS-03AMFM-LL7CXX, where XX is a two digit figure denoting assembly length (3 to 5 meters), C denotes the type of cable and maybe D for HAR type cable or E for 2Pig 1940 type cable (XLPO jacket). Rated 300 Vac, 5 A, -40 to +90 °C. To be connected to the AC Output cable (AC Output wiring harness). One side of the mentioned extended assembly cable terminates with receptacle (Plug) 3 positions with female pins the other side terminates with free wiring. Local Electrical codes should be taken into consideration during installation of the equipment incorporating the extended assembly wiring.
- Use of alternative DC connector (+) Multicontact MC4 Series (model PV-ADSP4-S2-UR/6) rated 1000 Vdc, 30 A.
- Use of alternative DC connector (-) Multicontact MC4 Series (model PV-ADBP4-S2-UR/6) rated 1000 Vdc, 30 A.
- Use of the following alternative PWB: ZGN.V0J06.0 or ZGN.V0J06.1.
- Use of alternative electrical rating for operating frequency 50/60 Hz. (rating at 60 Hz not evaluated by this standard).
- Use of alternative Trade-Mark ABB.
- Editorial correction of operating temperature range.
The undersigned declares that the above described product meets the above mentioned technical specification. This attestation of conformity is issued based on the test results as laid down in the referred Test Report. The investigation does not include an assessment of the manufacturer’s production.

Il sottoscritto dichiara che il prodotto di cui sopra è conforme ai requisiti tecnici menzionati. Questo attestato di conformità è rilasciato sulla base dei risultati di prova riferiti nel rapporto sopra menzionato. La valutazione non include una verifica del luogo di produzione.

If a DEKRA Authorization to apply the DEKRA VERIFIED INVERTER mark has been issued by DEKRA on the subject product, this attestation of conformity authorizes the manufacturer to make reference to the “Requirements” object of this attestation, inside the DEKRA VERIFIED INVERTER seal.

Se il prodotto in oggetto è licenziatario di un’autorizzazione DEKRA all’uso del marchio DEKRA VERIFIED INVERTER, il presente attestato di conformità autorizza il costruttore a fare riferimento ai “Requisiti” in questo attestato, all’interno del marchio DEKRA VERIFIED INVERTER.

Subject: Transition over the ABB mark

With reference to your letter dated April 29, 2014 concerning the full integration of “Power-One” into “ABB” and the transition over to the ABB name, brand and brand standards starting from 1st May 2014, herewith DEKRA confirms that all Certificates/Attestation of Conformity and Test Report issued by DEKRA to the License Holder Power-One Italy S.p.A. referring to products with Trade Mark “Power-One Italy” can be considered still valid even if the products are branded with the new Trade Mark “ABB”.

The License Holder of the products remains Power-One Italy S.p.A., legal names of the factory locations and model numbers, technical identity and type designation of the products presently manufactured with Power-One Trade Mark are not being changed with the exception of the new Trade Mark ABB.

It is full responsibility of the manufacturer to ensure that the series production is identical to the tested samples over the time and therefore presumed to be still in compliance with the stated standard.

Best regards,

Franco Vasta
