

Product announcement of **1 October 2024**

## FA-THV, FA-THV-D: End-of-life

### UPDATE

Due to supply chain easing of CO<sub>2</sub> sensors and an overstock of Temperature, Humidity and VOC Sensors, the FusionAir FA-THV and FA-THV-D are entering End of Life.

When ordering a FA-TH or FA-TH-D, and until stock is depleted, ABB will fulfill orders with the VOC sensing FA-THV or FA-THV-D with optional functionality.

ABB will apply 10% discount vs the price level of the correspondent FA-TH version (without VOC).

Please see table of example below:

Product Id	Ext. Product Type	To be supplied as (until stock depleted)	Product Id	Ext. Product Type
2CQG505562R1011	FA-THV		2CQG505561R1011	FA-TH
2CQG505565R1011	FA-THV-D		2CQG505564R1011	FA-TH-D

For more information, please reach out to your area sales manager.
