

Course description

F640e

Gemini multipurpose cabinets

Course duration

The duration is approximately 45 minutes, depending on the personal background knowledge and the study place.

Course type

Internet course.

The course is composed by 7 e-learning modules; in particular they are 3 presentations, 3 tests for checking the effective learning and 1 final exam.

If the score of the final exam exceeds 70%, the completion certificate may be printed.

Course goal

After attending this course, you will have the basics, technical data and particular features of the Gemini multipurpose cabinets.

You will know how to effectively consult the technical catalog.

In summary, you will have a clear and detailed overview of the benefits of the product.

Student profile

The course is dedicated to installers, panel builders and designers, but also to the ABB sales engineers.

Prerequisites and recommendations

The student should have a basic electro technical knowledge.
