Operational since
1990

What we do in Portland

Portland is the largest manufacturer of electrical junction boxes in North America. ABB's Carlon® electrical boxes are ubiquitous in homes and buildings for electrical outlets, light switches, and wiring. Placed behind the wall, our electrical boxes protect against short circuits which can cause fires.

Who we serve

ABB's electrical boxes can be purchased at hardware stores, large and small. With a typical home having over 100 electrical boxes, ABB plays a key role in ensuring the safety of electrical systems in homes and businesses.

ABB in the U.S.

ABB is a leading global technology company that energizes the transformation of society and industry to achieve a more productive, sustainable future.
