

PRODUCT HIGHLIGHTS

Steel City® insulated grounding bushing

For quick and easy installation of a bonding jumper to multiple threaded rigid conduits.

Steel City®

This threaded metallic grounding bushing makes it easy to ground multiple rigid or intermediate metallic conduits (IMC). Its nylon-insulated throat provides a smooth, rounded surface to help prevent insulation damage to conductors.

Key differentiating features

- Lay-in lug design allows for quick and easy installation of bonding jumper.
- Nylon insulator helps protect wire and cable insulation from damage.
- cULus listed — UL file E3060.
- Available for conduit trade sizes from ½" to 6" and with different lug sizes for ground wire ranging from #14 AWG to 250 kcmil.
- Made from rugged, zinc-plated ductile iron with aluminum grounding lug, 150 °C rated nylon insulator and zinc-plated steel screws.

Applicable industries

Chemical

Data centers

Oil and gas

Utility industry

Civil infrastructure

Food and beverage

Panel builders

Water and wastewater treatment

Commercial and institutional buildings

Machine OEM

Power generation industry

Wind power
