## Lifecycle phase change of APC1 software

This document announces the transition of APC1 software to the obsolete phase of ABB's product life cycle.

### 1. LIFE CYCLE PHASE CHANGE

On January 1, 2007 APC1 software product will enter obsolete phase.

### 2. SUPPORT AVAILABILITY

When entering to the obsolete phase ABB shall no longer guarantee support for APC1 software and support services are provided only as long as they are available.

### 3. RECOMMENDED ACTION

It is recommended that the APC1 software will be replaced with a classic phase APC2 software.

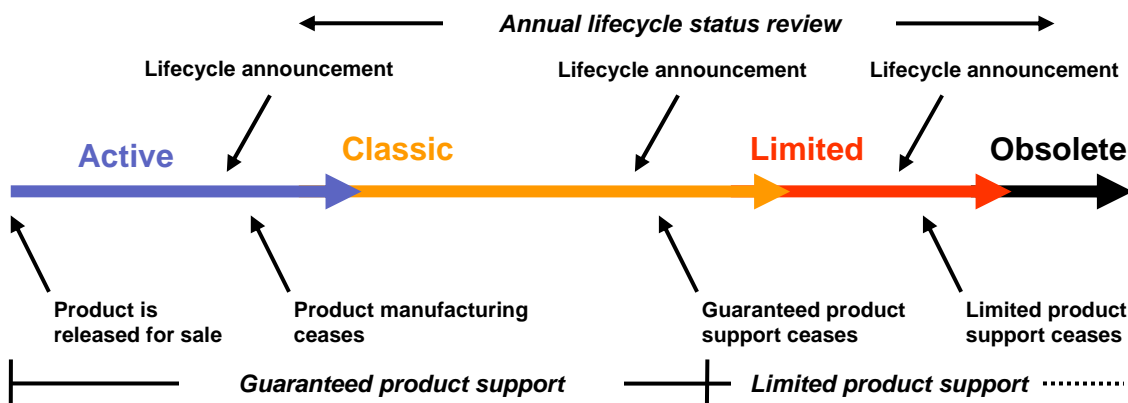

See the CDC Lifecycle statement (APC2),

### 4. FURTHER INFORMATION

For more information on the available Drives services, such as replacement possibilities and the ABB life cycle policy for Drives, please see <http://www.abb.com/drivesservices/> and/or contact your local ABB organization.

For further information on the life cycle model and available services, please contact ABB Product Support Sales & Marketing by e-mail [global.productsupport@fi.abb.com](mailto:global.productsupport@fi.abb.com).

### 5. ABB LIFECYCLE MODEL

Specifications subject to change without notice.
