RGW terminal blocks
Fast and secure wiring

ABB is a global leader in power and automation technologies that enable industry customers to improve their performance while lowering environmental impact. The ABB Group of companies has annual revenues of $42 Billion and operates in 100 countries, employing 150,000 people worldwide.

Proven performance
Reliability

Secure termination
- 100% captive wire connection
- Self-locking wings prevent sudden opening
- Captive screw can’t be misplaced
- Rugged construction
- IP20 touch safe

Improve installation
Efficiency

Minimizing footprint
- 15% more compact than open style blocks
- Connect up to 4 wires per block
- Universal mounting foot is adapted to all styles of DIN rail

Increase application
Productivity

Reducing termination time
- 45% faster wiring than open style blocks
- Captive nuts are ready to tighten
- Easy 3-step wiring
Ring tongue connection
Truly smart

Easy 3-step wiring

Open wing, place ring lug on stud

Close wing

Tighten screw

Safety wing

Captive nut

Test socket screw head

M4 stud

Universal mounting foot

Test socket

Open circuit indicator

Environment

- Standard industrial environments

Accessories

- Jumper bars in 2, 3, 4 and 7 pole
- End sections and end stops
- Test sockets

Wire Range

- 22 - 10 AWG UL/CSA; 0.5 mm² - 6 mm² IEC

Rated Voltage

- 600 V UL/CSA; 800 V IEC
