1. SAM600 accessories

The accessories listed in this document are tested together with a SAM600 system and are approved for use in projects and installations.

2. Power supply units

Make sure the power supplies are used according to IEC60255-27 for normal operation inside a closed electrical cabinet, cubicle or kiosk.

To operate SAM600 modules, the following power supply unit is available.

| | |
|---------------------------|---------------------------------------|
| ABB article number | 1KHL150020R0001 |
| Description | Power supply 100-240V AC/DC to 24V DC |

3. SFP optical transceivers

For fiber optical communication, the following SFP insert is tested together with SAM600 modules.

| | |
|---------------------------|-----------------|
| ABB article number | 1KHL150021R0001 |
| Description | SFP Transceiver |

4. USB connection cable

The following USB A-A connection cable is tested together with SAM600 modules for connectivity with PCM600.

| | |
|---------------------------|--------------------|
| ABB article number | 1KHL150023R0001 |
| Description | USB A-A cable 1.8m |

5. Documentation

The following documentation is available in DVD format. All documentation is also accessible on www.abb.com/protection-control.

| | |
|---------------------------|-------------------------------|
| ABB article number | 1KHL511873 |
| Description | IED Connect for SAM600 series |
