AIRPORTS	APPROX DISTANCE
Birmingham	45 miles
Manchester	50 miles
East Midlands	90 miles
London Heathrow	125 miles
London Gatwick	180 miles
London Stanstead	160 miles
London Luton	110 miles
HIRE CARS	
Most major car hire companies operate from all the airports. A valid driving licence is always required and individual companies may also have other requirements, such as additional identification. Licences in Arabic or Chinese script etc. may also cause difficulty.	
TRAINS	
It is possible to get by train from all of the airports, although all involve changing trains. Birmingham has the easiest access by train.	
TAXIS	
Taxis are available from all airports, although they will be very expensive from the London airports. Typical costs are around £45 from Birmingham and £65 from Manchester, although this will vary according to the time and day.	
DRIVING IN THE UK	
For overseas visitors, please remember that driving in the UK is on the LEFT . Roads can get congested at peak hours and you should allow for this when calculating travel times. The motorway (M6) around Birmingham can get especially busy and may result in up to an hour of additional journey time on occasions.
