Massimo Danieli

Managing Director
Grid Automation
Hitachi Energy

Massimo Danieli is the Managing Director of the Grid Automation Business Unit globally within Hitachi Energy.

He joined Hitachi Energy's predecessor in 1992, holding several management roles across multiple markets. Prior to taking on his current role, he was the Global Business Unit Manager for the former Power Generation Business Unit between 2013 and 2015.

Massimo holds a degree in Electrical Engineering from Politecnico di Milano, Italy.
