Product life cycle announcement

ReliaGear® ProStock Lighting Panelboards and Main Breaker Kits with Breakers (-WB)

As part of the LCM process, ReliaGear® Lighting Panels Prostock Interiors (33 SKUs) and Main Breaker kits utilizing -WB suffix (9 SKUs) will be phased out. The new offering available today is the ReliaGear® Merchandised Lighting panelboard.

This announcement initiates the move of the above mentioned products to **Obsolete**.

Transition benefits

- Transitioning from a rebates strategy to competitive into stock pricing utilizing the ReliaGear® merchandised lighting panelboard program
- Increased total output focus on the highest volume interiors in the factory for better delivery time and stocking capabilities
- Reducing the complexity of stock offering to simplify ordering and increase inventory turns

Enhanced Features

- Reduced total number of offered interiors from 45 to 12 that include Feed-thru copper 30-circuit & 42-circuit up to 480V/277Y and up to 600A that serve 90% of the commercial & construction markets through stock.
- Removed all Main Breaker kits with -WB suffix giving customers more flexibility with breaker selection
- Easier selection and ability to bring in more stock of repetitive lighting panelboard assemblies
