10. Customer agrees, upon the request of ABB, to execute such security agreements and documents and to perform reasonable acts, as ABB may from time to time request, to establish and maintain ABB's rights, title and interests in the Equipment.
11. Customer rents the Equipment with the understanding that the Customer will perform all necessary tests to determine the suitability for the Customer's intended application. Subject to the limitations set forth below, ABB warrants that the Equipment will be free from defects in material or workmanship during the Term (“the Limited Warranties”).
12. If ABB determines the Equipment is defective, Customer's sole and exclusive remedies for any breach of the Limited Warranties are limited to ABB's choice of repair or replacement of the Equipment, or non-conforming parts thereof. Unless otherwise agreed to in writing by ABB, Customer shall be responsible for: (i) any labor required to gain access to the Equipment so that ABB can assess the available remedies; (ii) providing ABB with working access to the Equipment, including the removal, disassembly, replacement or reinstallation of any equipment, materials or structures to the extent necessary to permit ABB to perform its warranty obligations; (iii) transportation costs to and from Customer's factory or repair facility for the Equipment; and (iv) damage to Equipment components or parts resulting in whole or in part from improper maintenance or operation.
13. The Limited Warranties are void if Customer has breached any provision of this Agreement. The Limited Warranties exclude and do not apply to any Equipment that has been subjected to misuse, neglect, accident, fire, physical damage, improper installation, unauthorized modification, or use in violation of ABB's instructions or any applicable laws, codes or ordinances.
14. EXCEPT AS OTHERWISE SET FORTH HEREIN, ABB MAKES NO OTHER WARRANTIES OR REPRESENTATIONS IN REGARD TO THE EQUIPMENT, EITHER EXPRESS OR IMPLIED, AND SPECIFICALLY DISCLAIMS THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.
15. Customer agrees to use the Equipment solely for itself and no other third party. Customer shall use the Equipment in accordance with ABB's operating instruction manual. Customer will be responsible for costs incurred by ABB to replace or repair any Equipment which is lost or damaged due to Customer's negligent or willful act or omission.
16. Customer agrees to pay all fees, legal assessments and taxes, including ad valorem, sales, use, loan or public charges which may be levied upon said Equipment while in the possession of the Customer.
17. At all times during the Term of this Agreement, Customer shall comply with all governmental laws, codes, regulations, rules and orders as may be applicable in regard to Customer's use of the Equipment.
18. Customer agrees to pay ABB for any and all losses, theft and damages to the Equipment that may occur during the Term of this Agreement, ordinary wear and tear expected, up until such Equipment has been returned into the possession of ABB and accepted by it. For the purpose of determining the valuation of said Equipment to determine the loss, damages or injury thereto, it is agreed by the Parties hereto that the value as stated above as the purchase price is a true and correct value.
19. Customer shall, at all times and at its own expense, keep all Equipment insured for such amounts and against such hazards as ABB may reasonably require until the Equipment is returned to ABB. All such policies shall be with companies, and on terms, reasonably satisfactory to ABB. The insurance shall include coverage for damage to or loss of the Equipment, and liability for personal injuries, death or property damage. ABB shall be an additional insured with a loss payable clause in favor of ABB, as its interest may appear, irrespective of any breach of warranty or other act or omission of Customer.
20. Should it become necessary that ABB employ an attorney to enforce any of the provisions of this Agreement, or to recover any sum of money due hereunder, ABB shall be entitled to recover from Customer such reasonable attorney's fees and expenses as shall be incurred in connection therewith.
21. This Agreement completely states the rights of ABB and Customer with respect to the Equipment and supersedes all prior agreements with respect thereto. No modification of this Agreement shall be binding unless such modification is in writing and signed by both Parties.
22. This Agreement may be executed and delivered in multiple counterpart copies, including by way of facsimile, electronic or emailed signatures (PDF formats included), each of which shall be deemed an original and all of which together shall constitute one and the same instrument..
