- Unrivalled expertise
- Lifecycle solutions
- Smarter thinking
- Empowering people

We are an international technical consultancy providing unrivalled expertise, delivering safe, reliable and cost effective solutions and digitalization for your operations.

## Helping you succeed at every stage of your lifecycle.

01

01 We offer services and solutions to serve your business, no matter where you are in your project lifecycle.

### Unrivalled expertise

With a track record of delivering complex projects spanning decades, our expert engineering specialists and operational experience provide valuable insight and act as an extension to your existing operation.

We offer domain knowledge and methodologies that allow you to make sound decisions and deliver peace of mind with invaluable practical experience that provide enhanced solutions to operational issues.

### Lifecycle solutions

Our expertise delivers comprehensive solutions across the full lifecycle of your operation, digitalizing and extending the life of your assets.

With a range of fully-integrated service and technical support solutions, we deliver increased safety assurance and consistent viability for all phases of your operation, whether you're at the design or decommission stage of your project.

We reserve the right to make technical changes or modify the contents of this document without prior notice. With regard to purchase orders, the agreed particulars shall prevail. ABB AG does not accept any responsibility whatsoever for potential errors or possible lack of information in this document.

### Smarter thinking

Working collaboratively with your team, we create innovative and digital solutions to maintain safe and secure operations, whilst optimising your reliability and operational performance.

Digital solutions enable greater control over preventative maintenance and allow access to your data wherever and whenever you need it.

### Empowering people

We provide training, coaching and mentoring solutions that support the empowerment and on-going development of your workforce.

A partnership, dedicated to knowledge share, that enables change management, providing the insight needed to upskill key teams and enable smooth and effective optimisation.
