The document contains drawings and tables related to the Tap-Changer VUCGDE, T, with dimensions and technical specifications for different insulation levels and contact positions. It includes notes on compatibility with other parts and accessories, as well as instructions for installation and inspection.

Key points:
- Dimensions and tolerances for C/L Top flange, Diverter switch, and Tap selector.
- Contact positions and their corresponding labels (e.g., Contact 10 at 8-9 pos.).
- Extra contacts labeled with numbers (e.g., Extra contact 5 at 9-9 pos.).
- Notes on shielding rings for different insulation levels.
- Instructions for installation and use, including compatibility with the diverter switch and other parts.

For a detailed understanding, refer to the Technical Guide and specific sections within the document, such as "For mounting on active part use A+106, B+106 and C+106" (See also Drawing 54920103-1) and "Short version means reduced switching capacity. Please refer to Technical Guide."
