PRODUCT LIFE CYCLE ANNOUNCEMENT

ACS600 water cooled drives
ACS607W and ACS627W SingleDrives, ACS600 MultiDrive W and ACS600 MarineDrive W

The ABB life cycle management model is designed to manage an orderly transition to new replacement products or to choose from various lifetime extending services. At the same time the model ensures access to continuing support for our customers.

Current life cycle status
The ACS600 water cooled drives are in the Classic phase since 1.4.2007, according to the ABB life cycle model outlined above.

Life cycle plan
ACS600 water cooled drives will be transferred to the Limited phase 1.1.2022.

Product availability in Limited phase
The product is not available in the Limited phase.
