# Synchronous Machine Training

13-15 September in Västerås, Sweden

Dear all,

ABB Large Motors and Generators in Västerås, Sweden hereby have the pleasure of inviting you to our synchronous machines training. The training will be held at our facilities, starting Tuesday morning 13<sup>th</sup> of September and ending in the afternoon Thursday 15<sup>th</sup>.

The aim of the training is to give an understanding of large electrical machines and their applications. The training is on synchronous machines in general, but will focus on machines produced in Västerås. However, participants will be introduced to the Division Large Motors and Generators product

Portfolio and related services. The training will cover basic mechanical and electrical theory of synchronous machines.

Topics such as control equipment, starting methods and service & maintenance will also be treated. This training is mainly intended for external customers, but also for ABB employees and others with an interest in large electrical machines. People from different countries and backgrounds will participate, so it is an excellent opportunity to network and to learn more about our products.

There is a participant fee of 1500 € covering lectures, training material, lunch and refreshments Tuesday to Thursday plus an evening activity. However, all other costs such as accommodation, travels and daily allowance are not included in the price and are to be covered by the participants themselves. Training material and presentations will be in English. There are a limited number of participants for the training, so please send your application as soon as possible, no later than August 19<sup>th</sup>. Applications are accepted on a first come first serve basis.

**For enrollment**, please use this link, [external enrollment](#)

If you have questions regarding the training, please contact Lisbeth Adamenko; e-mail [lisbeth.adamenko@se.abb.com](mailto:lisbeth.adamenko@se.abb.com) or phone; +46 21 329049.

Final agenda and further details will be sent to the participants in the end of August together with practical details with regards to transportation and locations. For any questions, please do not hesitate to contact Lisbeth Adamenko as per above.

We are very much looking forward to seeing you in Västerås!
