50A EV-Rated Power Outlet

Expanding Midwest's Flock with a new 50A Power Outlet with EV-rated receptacle

Demand for portable EV chargers requiring electricity continues to increase. This creates the need for conveniently located receptacles to provide power for cord connected equipment. Featuring a heavy-duty receptacle designed to sustain continuous and extended operation,the new Midwest Electric U054EV power outlet provides a specific solution for 50A EV chargers.

FEATURES AND BENEFITS

- 50A EV-rated receptacle
- NEMA 3R weatherproof construction
- G90 galvanized steel construction for superior corrosion resistance
- Durable polyester powder coat finish resists chipping and fading
- All-in-one construction for factory assured terminations
- Rolled edge door for cord protection
- Cover design allows cords to exit while maintaining the NEMA 3R integrity
- Pad-lockable door to help prevent unauthorized access
- Dead front construction prevents accidental contact with live parts
- All components factory wired and assembled

Technical data	
Receptacle:	NEMA 14-50WR
Type:	1-phase / 3-wires
Grounding:	Yes
Amperage:	50 A
Voltage:	125 / 250 VAC
Temperature Rating:	-40°C to 60°C
Wire Gauges:	#4, #6, #8. #10 for ground only
Grade:	Industrial
Torque:	75 in-lbs
Enclosure Type:	NEMA 3R
Certification:	cULus

Ordering information	Part number
4-pack	U054EV
Single Pack (retail only)	U054EVP
Pallet with single pack (240 units)	U054EVPLT1
