e-Design Installation

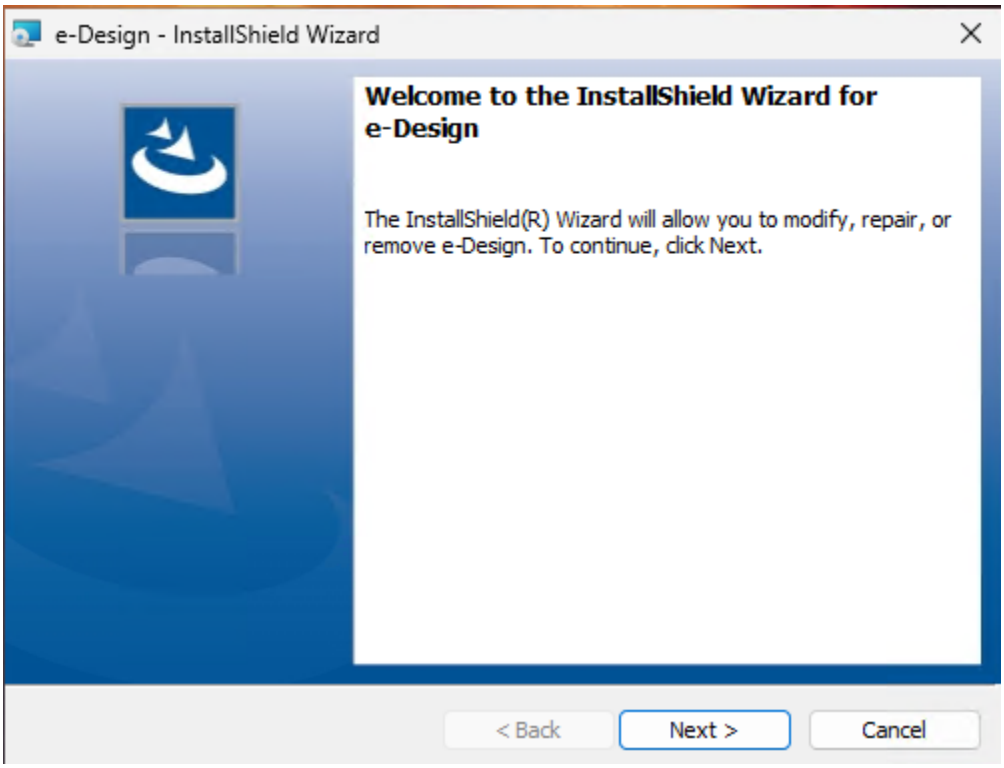

Execute the following steps to install the latest version of eDesign.

Extract the eDesign setup **E-DESIGN_SETUP-1.17.0.0004.S1.EXE** typically in your PC Downloads folder

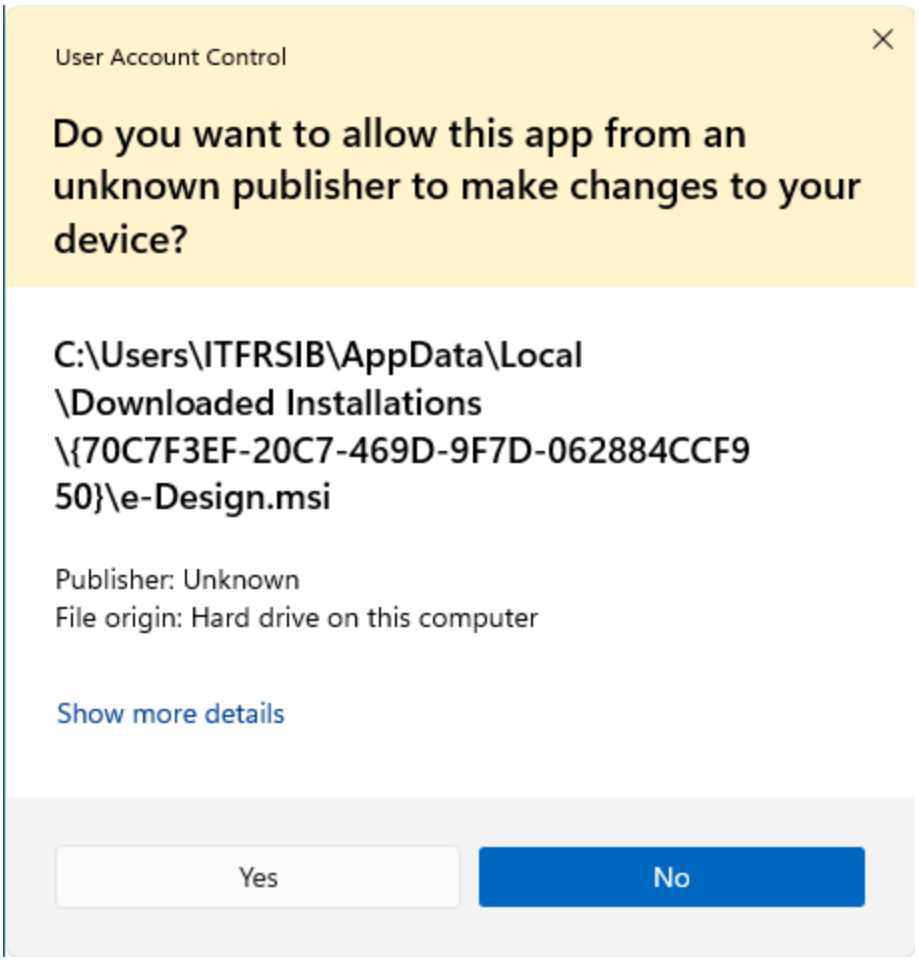

Extract the eDesign updated configuration file **EDESIGN 20260610 CONFIGURATION.ZIP** typically in your PC Downloads folder

Open the Download folder and execute the **E-DESIGN_SETUP-1.17.0.0004.S1.EXE** to install the latest version of eDesign

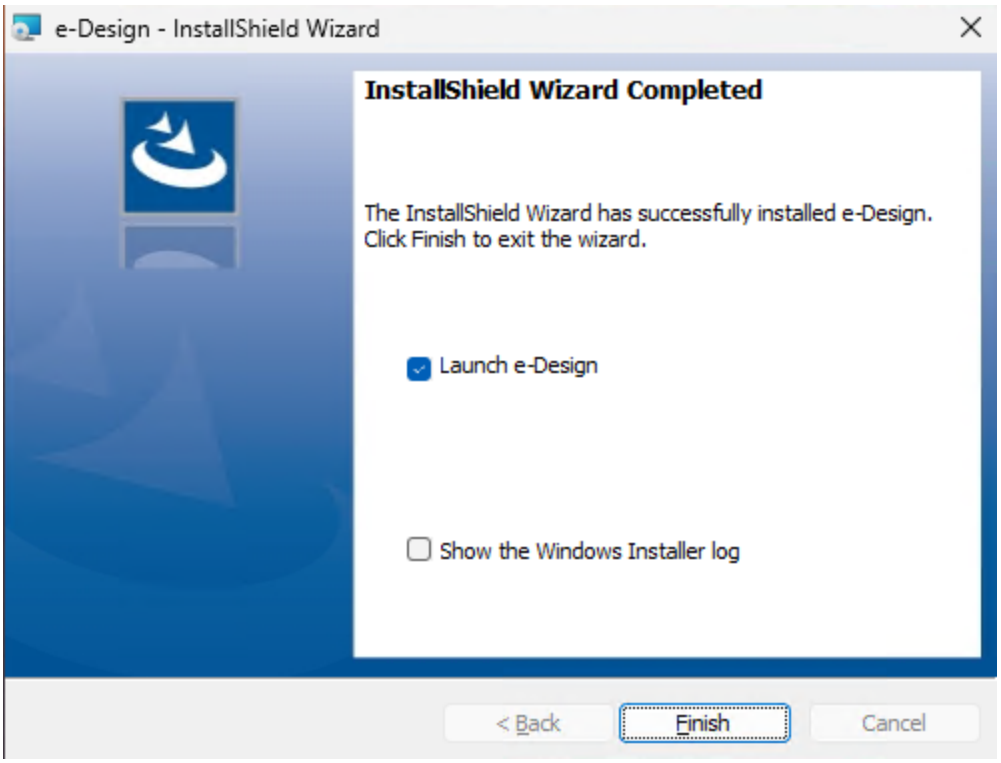

Follow the installation wizard steps and the Install.

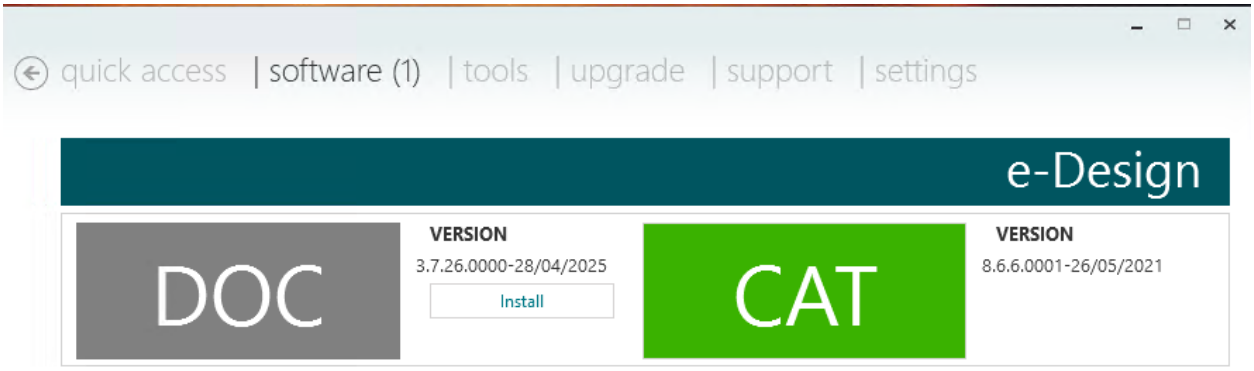

Eventually, select YES on the following alert

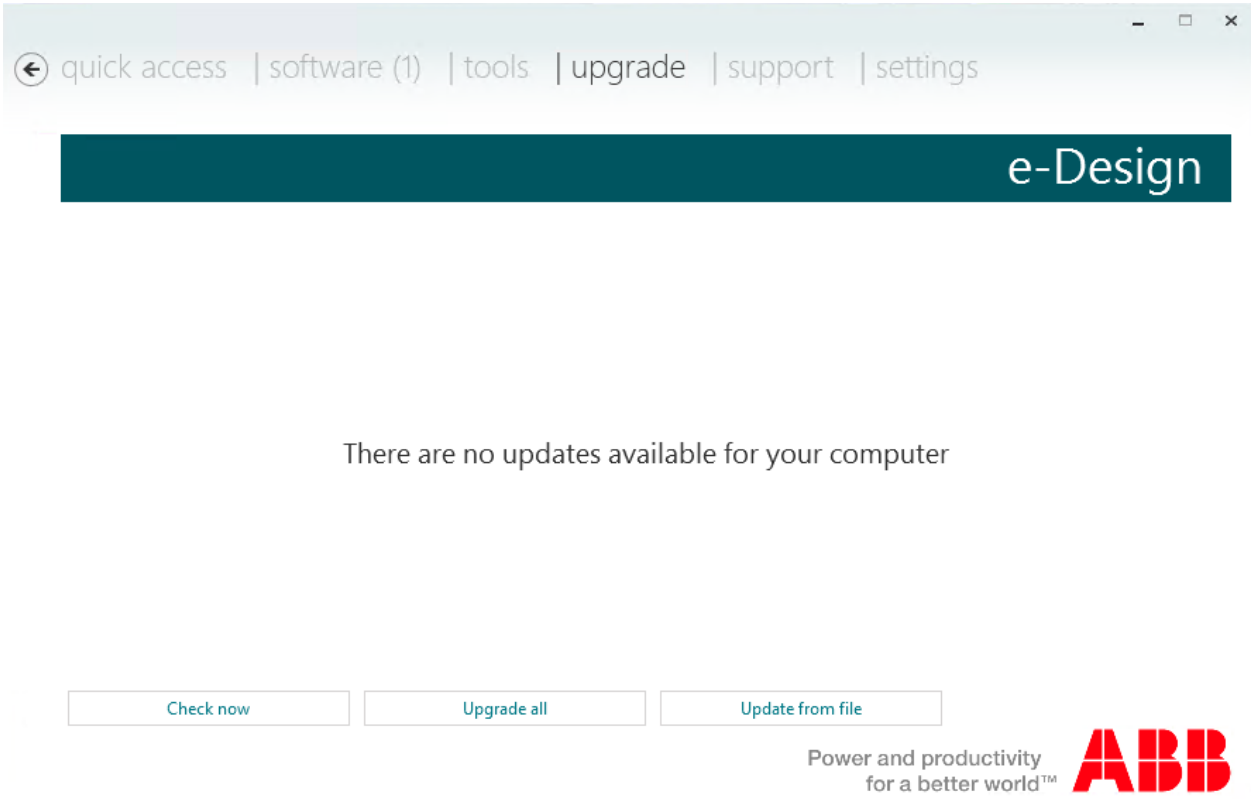

Select Finish to launch e-Design.

Installazione e-Design

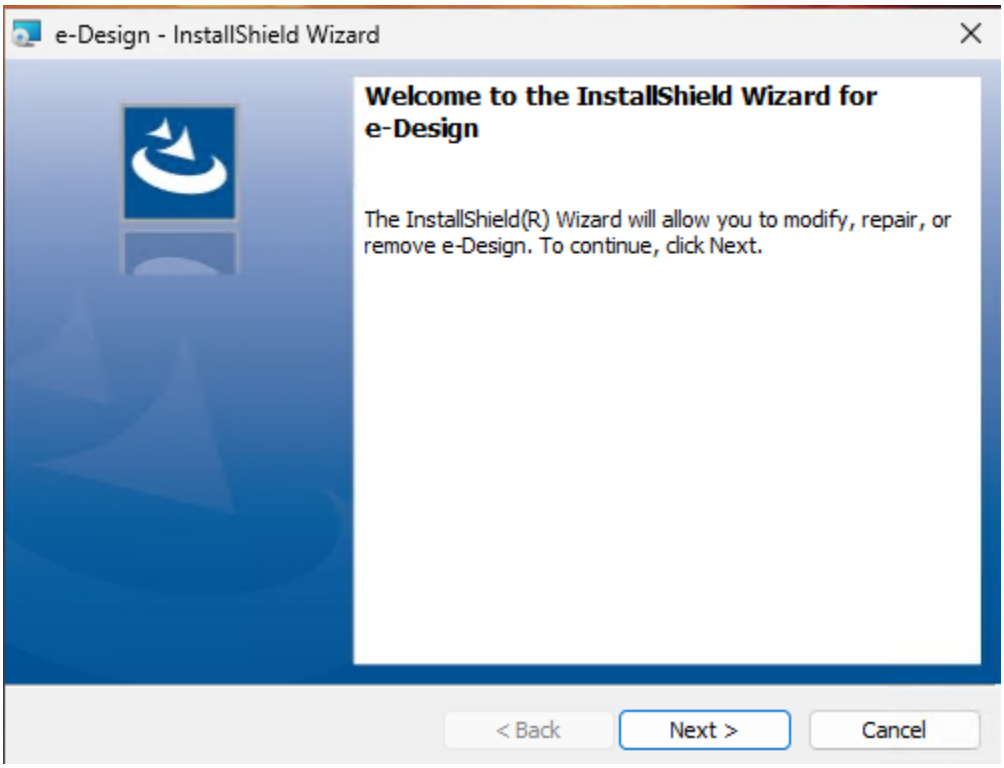

Per installare la versione aggiornata di e-Design eseguire i seguenti passi.

Estrarre il setup di e-Design **E-DESIGN_SETUP-1.17.0.0004.S1.EXE** tipicamente nella cartella Downloads del PC.

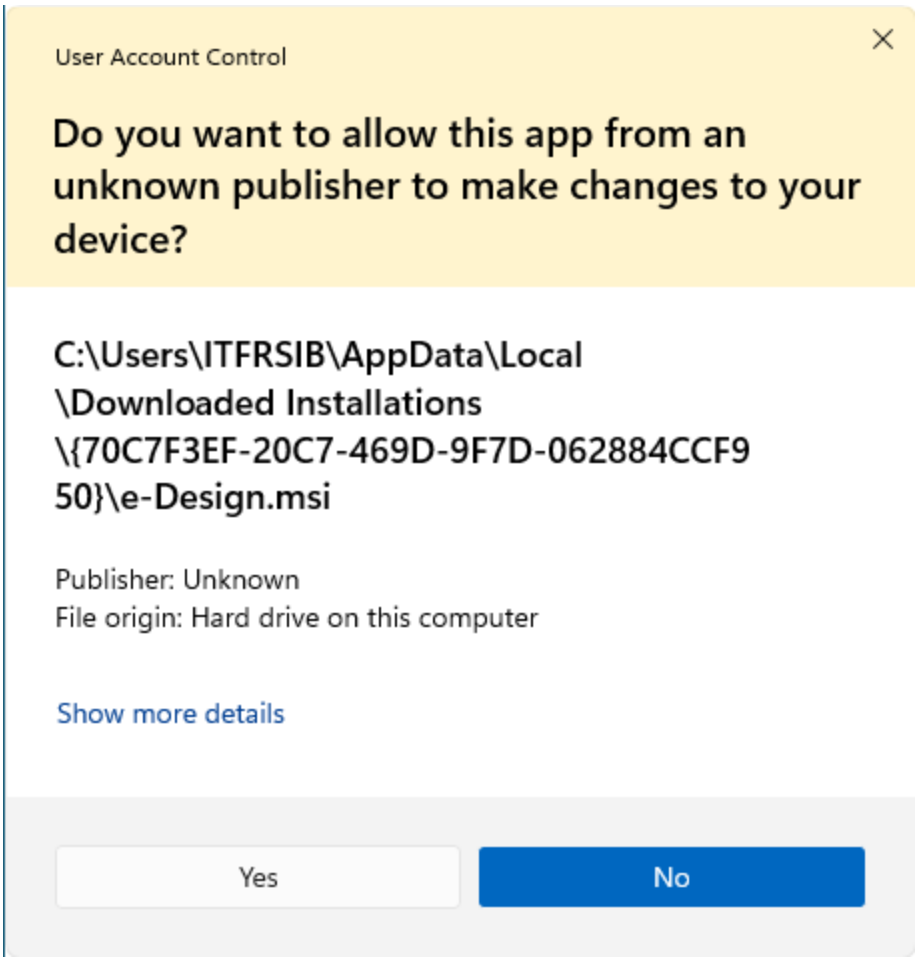

Estrarre il file di configurazione di e-Design aggiornato **EDESIGN 20260610 CONFIGURATION.ZIP** tipicamente nella cartella Downloads del PC.

Aprire la cartella Downloads ed eseguire **E-DESIGN_SETUP-1.17.0.0004.S1.EXE** per installare l'ultima versione di e/Design.

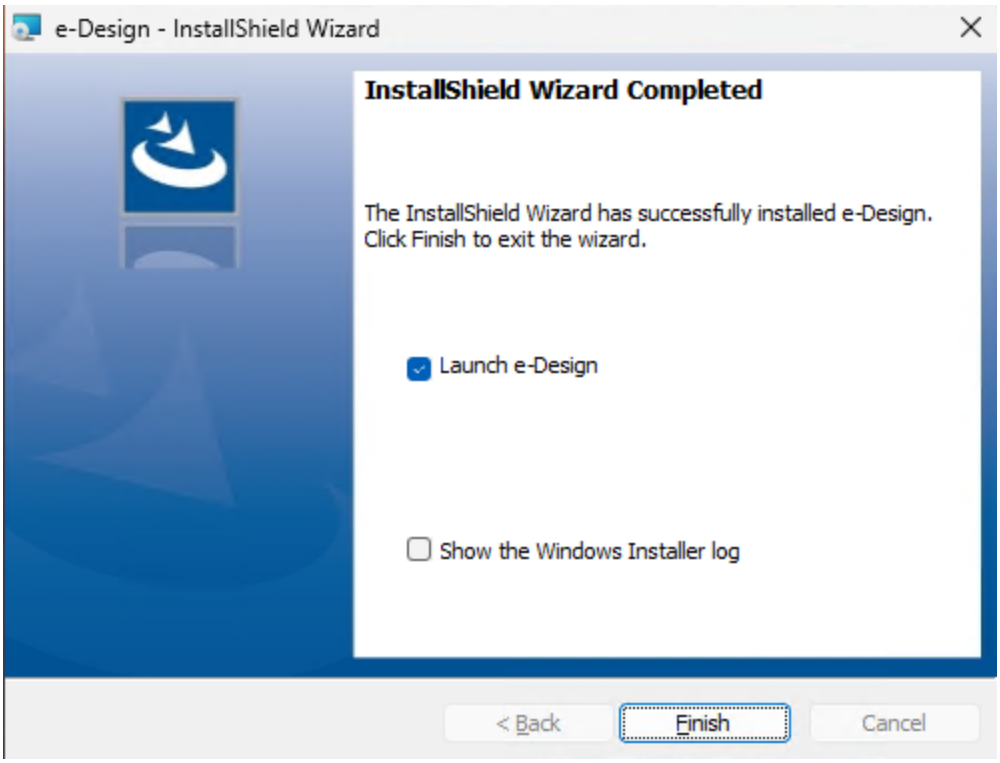

Seguire I passi del wizard.

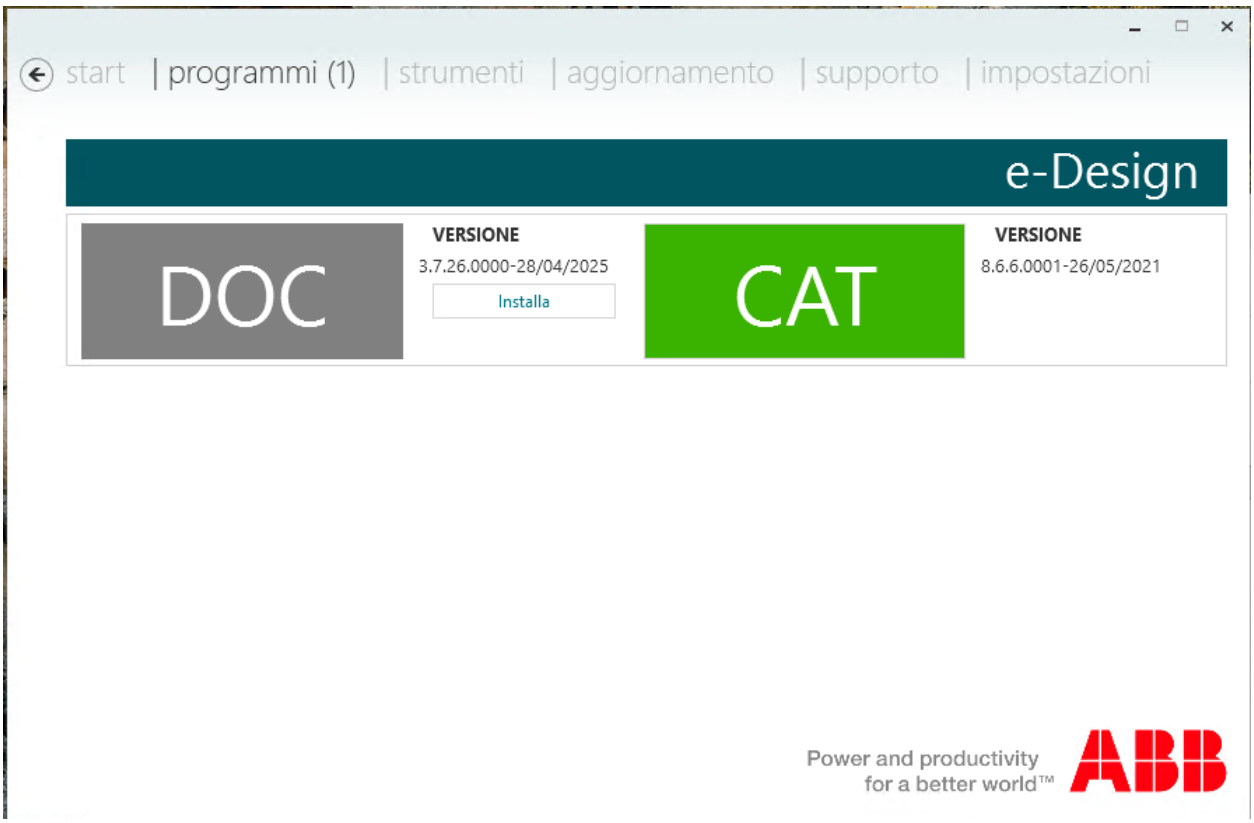

Nel caso, selezionare Yes sul seguente avviso.

Selezionare Finish per lanciare e-Design.

Al completamento dell'installazione, lanciare e-Design.

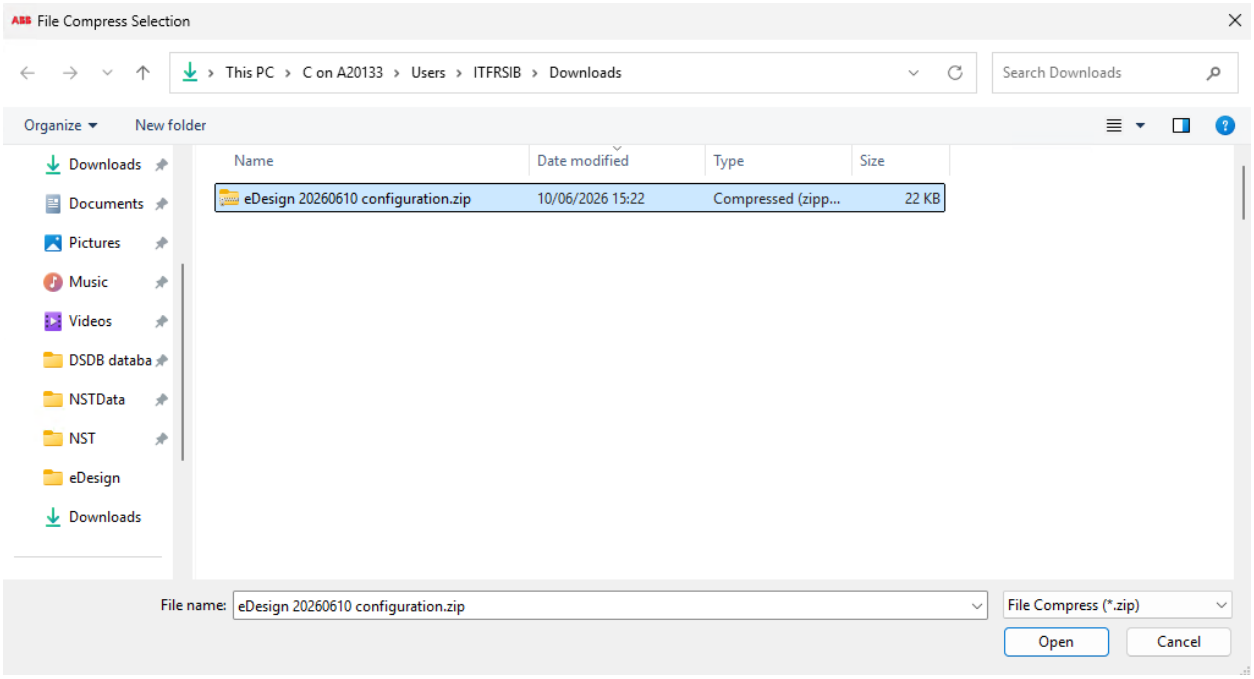

Selezionare la pagina aggiornamento.

Aggiornare I dati di configurazione cliccando il bottone “Aggiorna da file”

Selezionare il file **eDesign 20260610 configuration.zip** dalla cartella Downloads e cliccare il bottone “Apri”.

Importazione per gli aggiornamenti
