18.2.1 the other party commits a material breach of the respective Contract which (in the case of a breach capable of remedy) it does not remedy within thirty (30) calendar days of receiving written notice of the breach; or

18.2.2 the other party takes any step or action in connection with its entering administration, liquidation or any arrangement with its creditors (other than in relation to a solvent restructuring), being wound up (unless for the purpose of a solvent restructuring), having a receiver appointed to any of its assets or ceasing to carry on business or, if the step or action is taken in another jurisdiction, in connection with any analogous procedure in the relevant jurisdiction.

18.3 In addition, Customer shall have the right to terminate the Contract for cause and with no liability to the other party with immediate effect if Supplier or its parent company(ies) undergoes a Change of Control to a competitor of any member of the Customer Group.

18.4 The termination of the Contract, however arising, will be without prejudice to the rights and duties of either party accrued prior to termination.

18.5 Upon termination of the Contract Supplier shall immediately safely return to Customer all property and information of Customer then in Supplier's possession or under its control and confirm in writing the deletion of all Customer Material from its systems.

18.6 Following termination of the Contract the Clauses which expressly or by implication survive termination shall continue in full force and effect.

19 COMPLIANCE WITH LAWS, INTEGRITY

19.1 Supplier shall provide the Services, Software, Hardware and Work Products, as applicable, in compliance with all relevant laws, regulations and applicable codes of practice.

19.2 Supplier represents, warrants and undertakes that it is and will remain fully compliant with all applicable trade and customs laws, regulations, instructions, and policies, including satisfying all necessary clearance requirements, proofs of origin, export and import licenses and exemptions from, and making all proper filings with appropriate governmental bodies and/or disclosures relating to the subject matter of the Contract. If any of the Services, Software, Hardware and/or Work Product, as applicable, are or will be subject to export restrictions, it is Supplier's responsibility to promptly inform Customer in writing of the particulars of such restrictions. Customer will comply with the restrictions to the extent it has been informed by Supplier.

19.3 Both parties warrant that each will not, directly or indirectly, and that each has no knowledge that other persons will, directly or indirectly, make any payment, gift or other commitment to its customers, to government officials or to agents, directors and employees of each party, or any other party in a manner contrary to applicable laws (including the U. S. Foreign Corrupt Practices Act 1977, the UK Bribery Act 2010 and, where applicable, legislation enacted by member states and signatories implementing the OECD Convention Combating Bribery of Foreign Officials), and shall comply with all relevant laws, regulations, ordinances and rules regarding bribery and corruption. Nothing in the Contract will

render either party liable to reimburse the other for any such consideration given or promised.

19.4 Supplier herewith acknowledges and confirms that Supplier has received a copy of Customer's Code of Conduct and Customer's Supplier Code of Conduct or has been provided information on how to access both Customer Codes of Conduct online under www.abb.com/Integrity. Supplier agrees to perform its contractual obligations in accordance with both ABB Codes of Conduct.

19.5 Customer has established reporting channels where Supplier and its employees may report suspected violations of applicable laws, policies or standards of conduct through the web portal www.abb.com/Integrity – Reporting Channels; the contact details are specified on this Web portal.

19.6 Any violation of an obligation contained in this Clause 19 is a material breach of the Contract and entitles the non-breaching party to terminate the Contract with immediate effect and without prejudice to any further rights or remedies available thereunder or at law. Notwithstanding anything to the contrary in the Contract, Supplier shall, without any limitations, indemnify and hold harmless Customer for all liabilities, damages, cost or expenses incurred as a result of any such violation or termination of the Contract, or arising from export restrictions concealed by Supplier.

20 MISCELLANEOUS

20.1 Assignment and other dealings. Supplier shall not assign, transfer, mortgage, charge, declare a trust over or deal in any other manner with any of its rights and obligations under the Contract. Customer may at any time assign, transfer, mortgage, charge, declare a trust over or deal in any other manner with any or all of its rights under the Contract or the contract in whole or in part.

20.2 Subcontracting. Supplier shall be permitted to subcontract the performance of its obligations under the Contract, provided always that it obtains Customer prior written consent. Supplier will be responsible for any acts and omissions of its sub-contractors as if they were Supplier's acts or omissions.

20.3 Variation. No variation of the Contract shall be effective unless it is in writing and signed by the parties (or their authorised representatives) or unless it is executed in the same form as the Contract.

20.4 Waiver. A waiver of any right or remedy under the Contract or by law is only effective if given in writing and shall not be deemed a waiver of any subsequent breach or default. A failure or delay by a party to exercise any right or remedy provided under the Contract or by law shall not constitute a waiver of that or any other right or remedy, nor shall it prevent or restrict any further exercise of that or any other right or remedy. No single or partial exercise of any right or remedy provided under the Contract or by law shall prevent or restrict the further exercise of that or any other right or remedy.

20.5 Rights and remedies. The rights and remedies provided under the Contract are in addition to, and not exclusive of, any rights or remedies provided by law or otherwise available to the parties, except as expressly provided otherwise herein.

20.6 Severance. If any provision or part-provision of the Contract is or becomes invalid, illegal or unenforceable, it shall be deemed modified to the minimum extent necessary to

make it valid, legal and enforceable. If such modification is not possible, the relevant provision or part-provision shall be deemed deleted and the Contract will be given effect as if such provision or part-provision had been replaced by a term with a similar economic effect. Any modification to or deletion of a provision or part-provision under this Clause shall not affect the validity and enforceability of the rest of this Contract.

20.7 Entire agreement. The Contract constitutes the entire agreement between the parties and replaces any prior agreement between them in relation to its subject matter.

18.8 No partnership or agency. Nothing in the Contract is intended to, or shall be deemed to, establish any partnership or joint venture between any of the parties, constitute any party the agent of another party, or authorise any party to make or enter into any commitments for or on behalf of any other party.

20.9 Third party rights.

20.9.1 Supplier agrees that the Services, Output and Work Products, as applicable, may be used and received by each member of the Customer Group subject to the terms of the Contract. The parties specifically acknowledge and agree that it is their intention that each member of the Customer Group shall be entitled: (i) to the benefits of the Contract as if it were party to it; and (ii) to use any of the Services, Software, Hardware and Work Products, as applicable; provided that any Customer obligations set out in the Contract are obligations of Customer, not of any other member of the Customer Group.

20.9.2 The parties acknowledge and agree that: (i) except as specifically provided in the Contract, no one other than a party to the Contract, their successors and permitted assignees, shall have any right to enforce any of its terms; and (ii) any liabilities, losses, damages, costs and expenses incurred by any other members of the Customer Group under or in connection with the Contract shall be deemed to have been suffered by Customer (and shall be recoverable by Customer from Supplier in accordance with the terms of the Contract as if they had been suffered by Customer).

20.9.3 Should a member of the Customer Group cease to have such status due to a divestiture, such entity shall be deemed a member of the Customer Group for purposes of using and receiving Services, Software, Hardware and Work Products, as applicable, for a transition period of six (6) months or such other period agreed by the parties.

20.10 Notices. Any notice must be given duly signed and delivered by hand, registered mail, courier, or (provided that the parties have agreed that notices may be sent by email) by e-mail to the address of the relevant party as stated in the Contract or to such other address as such party may have notified in writing. E-mail notices require written confirmation of the receiving party. Supplier's reply, correspondence, information or documentation related to the Contract must be provided in the language used in the Contract. This Clause does not apply to the service of any proceedings or any documents in any legal action or, where applicable, any arbitration or other method of dispute resolution.

20.11 Governing law. The Contract and any dispute or claim (including non-contractual disputes or claims) arising out of or in connection with it or its subject matter or formation shall be governed by and construed in accordance with the laws of the country (and/or the state, as applicable) where

Customer is registered, however under exclusion of its conflict of law rules and the United Nations Convention on International Sale of Goods.

20.12 Jurisdiction. If Customer and Supplier are registered in the same country, any dispute arising in connection with the Contract which cannot be settled amicably shall be submitted for resolution to the jurisdiction of the competent courts at Customer's place of registration. If Customer and Supplier are registered in different countries, any dispute arising in connection with the Contract which cannot be settled amicably shall be finally settled under the Rules of Arbitration of the International Chamber of Commerce by one arbitrator appointed in accordance therewith. Place of arbitration shall be Customer's place of registration. The language of the proceedings and of the award shall be English.

20.13 Electronic signatures. If an Order or any document in connection with these GTC is signed electronically, the Parties agree that such signature will be legally binding, and no Party will contest enforceability on the basis of such electronic signature, including, without limitation, documents for which the Contract requires written form, or which require to be signed by the Parties.
