

Release Note

HOST Integration Support Test

CENTUM VP R6.04.00, PRM R3.31.00

HIST Report Number: SSD-NDFB91-D0502

Device Name : 2600T Series – Model 266P-dP

Device Type : 0x0007

Fieldbus Protocol: Fieldbus Foundation

EDD Version: 0203

Manufacturer ID: 0x000320

ABB Automation Products GmbH

We confirm that the Electronic Device Description (EDD) of the above product has been successfully tested by an integration test in accordance with the specifications of Yokogawa.

The examination includes **CENTUM and PRM** from Yokogawa. The testing consists mainly of an offline and an online test of the file.

The EDD corresponds to the current Yokogawa test requirements of an EDD to full extent. The EDD fulfilled the conditions in order to publish on the central Yokogawa web page and to integrate into Yokogawa library.

Test laboratory: Interoperability Test Laboratory, Yokogawa Engineering Asia, SINGAPORE

Test released: 01-Sep 2017
