## GPG: ED

### Life Cycle Announcement

#### Life cycle status change

Life cycle phase status for SPDs, OVR T2-T3 SL will be changed as per below information.

When entering the Limited phase, manufacturing of the products will simultaneously end. During the Limited phase only the devices on stock will be available for sales.

In Limited phase it is recommended to sell/buy the products only in small quantities or as spare parts. However, availability of the product cannot be guaranteed from this point on.

After Limited phase, replacement of devices and expansion of existing system will be possible only with new product ranges.
