

Kings Mountain, North Carolina Facility Overview

Location
101 Reliance Rd
Kings Mountain, NC
28086

Operational since
1983

Number of employees
300

Offering
Industrial
Electric Motors

What we do in Kings Mountain

Manufacture Baldor Reliance electric industrial motors for both general purpose and critical service applications. Kings Mountain produces a variety of large industrial electric motors, including AC motors rated at 250-3500 horsepower (HP), DC motors rated at 75-400 HP, and hermetic motors with a range of 200-1500 HP. ABB's motors keep operations running by powering equipment such as pumps, fans, compressors and conveyors found in a variety of industrial applications.

Who we serve

The electric motors produced in Kings Mountain support customers in a broad range of industries and manufacturing including agriculture, food and beverage, mining and aggregate, chemicals and conveying and minerals. ABB's motor offerings are designed around customer's needs for energy efficiency and reliability.

age, mining and aggregate, chemicals and conveying and minerals. ABB's motor offerings are designed around customer's needs for energy efficiency and reliability.

ABB in the U.S.

ABB is a pioneering technology leader that works closely with utility, industry, transportation and infrastructure customers to write the future of industrial digitalization, increasing productivity and boosting efficiency.
