531

Operational since

1972

What we do in Arecibo

The Arecibo facility designs and manufactures molded-case circuit breakers (MCCBs). These power components are essential in the distribution of electricity throughout industrial and commercial operations while protecting them from excessive current.

Who we serve

The MCCBs manufactured in Arecibo ensure safe and reliable power in critical industries such as oil & gas, marine, telecom/datacom, and heavy industrial and commercial. Continuous operation is paramount for factories and facilities across industries. MCCBs help businesses stay up and running by ensuring quality power.

ABB in the U.S.

ABB is a leading global technology company that energizes the transformation of society and industry to achieve a more productive, sustainable future.
