

COMPETITIVE COMPARISON

Steel City[®] MS series bracket box

Steel City® MS series bracket box

Steel City MS series

- Steel side support supplied with box
- Bracket welded onto box for a secure unit; won't pop off during installation.
- Most stud contact — no movement once installed
- Patented gripping teeth lock onto stud
- Large product offering covering all box sizes and conduit styles

RACO Box-Loc®

- Squeezes onto stud with steel flaps; less gripping force
- Plastic side support (weak); must remove KO to install
- No pre-fab offering for MS style boxes

Eaton Crouse-Hinds®

- Small bracket — less stud face contact causing instability
- No pre-punched screw holes for possible local code requirement
- No pre-fab offering for MS style boxes

Box-Loc is a registered trademark of Hubbell Incorporated.

Crouse-Hinds is a registered trademark of Cooper Technologies Company.
