

PRODUCT HIGHLIGHTS

T&B® Fittings stainless dome drain

Ideal for draining moisture from enclosures and conduit systems.

T&B Fittings

Value proposition

This robust, NSF-certified stainless steel dome drain is specifically designed for food processing applications. It offers the peace of mind of knowing that your panel or fitting will drain reliably, reducing the chance for moisture to pool and microbes to collect and multiply.

Key differentiating features

- Robust 316 stainless steel surface is smooth with rounded edges to minimize pooling of liquids where microbes can live and breed.
- NSF (National Sanitation Foundation) certification provides confidence that this product is made for food and beverage applications.
- UL Type 4X and IP56 listed for ingress protection — ideal for use in washdown environments.
- Optional screen filter prevents blockage of the drain.
- Threaded side of fitting is slitted for easy and immediate draining — no waiting until water level exceeds fitting height to drain.
