

# SafeRing XT/SafePlus XT

12kV 630A

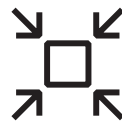

ABB's medium-voltage SF<sub>6</sub> - insulated ring main unit has been the product of choice since decades. Now we introduce the next step in switchgear technology: ABB's SafeRing XT/SafePlus XT- a Safe, Compact, Smart and Reliable solution.

## Safe

Internal arc tested;  
**no live parts exposed**  
& fitted with safety interlocks

## Compact

**10-20%**  
Space saving solution  
Compact footprint

## Smart

**10-20%**  
faster installation with  
plug & play solution,  
Saves installation cost

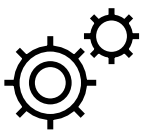

Current & voltage  
**Sensors\***

**upto 20-30%**  
Reduction in operational  
cost through predictive  
maintenance, increasing  
uptime and performance\*

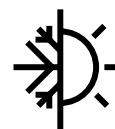

## Reliable

VCB with M2 Class,  
**10,000  
operations**

**Low pressure**  
SF<sub>6</sub> design with less  
material stresses &  
lower risk of leakage

Indoor/Outdoor  
**Climatically  
independent,**  
Suitable for installation till  
**3000m without derating**

\* Optional values with Safe Digital
